RE: The Amitai Team // Power Brokers International

To Whom It May Concern:

It was our complete delight to recommend Roni and Lee Amitai.

We had spent 3 years looking for a house before meeting Roni and Lee. From day one the experience was a pleasure, and they guided us through the process like we were family.

Every encounter was professional. Every phase of the purchase was well managed. The team's knowledge of the property market is second to none.

We would recommend this outstanding mother / daughter team to anyone looking to buy or sell a home in LA. We will certainly be using them again (smiley face).

Thanks Roni and Lee for making our dreams come true!

Sincerely,

Nick & Vania Read
